

Hospitality Audit Services

HOTEL AUDITS

We currently audit a diverse portfolio of hotels from country houses to large branded hotels including InterContinental, Hilton, and Marriott properties throughout the UK, Europe and North America. We work with asset management companies and owner operators.

We audit the following areas;

- Cash Handling including floats and safes
- Banking
- Revenue control including income audit
- Purchasing
- Credit Control
- Employees and Payroll
- Stock Control
- P&L and Balance sheet reviews
- Security

We review the following departments;

- Finance
- Front Office
- F&B and the Kitchen
- Housekeeping
- Human Resources
- Revenue, Reservations & Sales and Marketing
- Maintenance
- Head Office Functions

We can help you write your
SOP manuals

All our auditors are industry professionals with many years' experience in senior position in industry

This is a very cost effective way of auditing your hotels, and gives an independent view which may provide new perspectives upon the risks your businesses face and policy compliance at your hotels.
